Visual Guide to Home Fire Safety

An initiative of the Migrant Resource Centre (Southern Tasmania) and the Tasmania Fire Service

Avoid fire risks at home
If you have an emergency phone 000.
Make sure you can get out of your house if there is a fire.

If there is a fire in your house, Crawl low and get out.

Get out and stay out.
Change the battery in your smoke alarm when daylight savings ends. Test your smoke alarm monthly.

Smoke alarms are available for the deaf and hard of hearing. Contact Expression Australia:
Email: infotas@expression.com.au
Keep matches and lighters away from children

Cool a burn under cold running water

20 minutes
Make a plan in case of fire

Sample Plan

- Recommended Smoke Alarm locations
- Smoke Alarm locations required by law
Stay in the kitchen when you are cooking.
Do not use portable stoves inside.

When using portable stoves, cook outside.
Do not store gas bottles inside.

When using gas bottles, store them outside.
Keep everything 2 metres from the heater.

Protect fires with a guard.
Do not overload power points.

Use power boards like this.

TasNetworks 132 004 or tasnetworks.com.au
Turn off electrical items at the power point.

Check electric blankets and turn them off when going to sleep.
Check lint filters on clothes dryers to prevent fires.
Ensure cigarette butts are out.

Don’t smoke in bed.
Never leave burning candles or incense unattended.
