

Name	Have your say
Gustav Wyss	<p>I'm all for streamlining and improving emergency services. One point I would like to make is that the removal of the insurance levy will result in lower premium by the same amount and not simply pocketed by insurance companies. Second, I would like to know the reasoning behind the second option of making a distinction between urban and rural properties. If there is a reasonable argument for the second option, then I could agree with option 2.</p> <p>Kind regards Gustav Wyss</p>
